Yesterday  
Has no say in my future  
It lost all of its power when He rose up  
Now I gotta new song I gotta lift up

Find me in the fire  
I'll be dancing with the flames  
Throw me in the water  
I'll be walking on the waves (yeah)

Resurrection running in my veins  
No more tending old graves  
Death can't have tomorrow (no)  
When His grave's still hollow

Wonder working power in His name  
Jesus made a new way  
I know He holds tomorrow (yeah)  
Cause His graves still hollow

Hollow hollow hollow  
His grave's still hollow  
Hollow hollow hollow  
His grave's still hollow

Been alive  
Been alive but now I'm living  
Cause I gotta new breath that I'm breathing  
Got that Pentecost fire Holy Spirit

Find me in the fire  
I'll be dancing with the flames  
Throw me in the water  
I'll be walking on the waves

Resurrection running in my veins  
No more tending old graves  
Death can't have tomorrow (no)  
When His grave's still hollow

Wonder working power in His name  
Jesus made a new way  
I know He holds tomorrow (yeah)  
Cause His graves still hollow  
Hollow hollow hollow  
His grave's still hollow

Hollow hollow hollow  
His grave's still hollow  
Hollow hollow hollow  
His grave's still hollow

Find me in the fire  
I'll be dancing with the flames  
Throw me in the water  
I'll be walking on the waves

Find me in the fire  
I'll be dancing with the flames  
Throw me in the water  
I'll be walking on the waves

Picking up my cross  
Cause you know I gotta

Follow follow follow  
His grave's still hollow

Resurrection running in my veins  
No more tending old graves  
Death can't have tomorrow  
When His grave's still hollow

Wonder working power in His name  
Jesus made a new way  
I know He holds tomorrow  
Cause His graves still hollow

Hollow hollow hollow  
His grave's still hollow  
Hollow hollow hollow  
His grave's still hollow
